TO: All Entities
RE: Annual Report 2024

It is that time of year again for the Annual Report of McMullen Central Appraisal District (MCAD). This report endeavors to provide information about the operations of the Appraisal District. McMullen Central Appraisal District continues to work diligently to provide equality and uniformity to the citizens of McMullen County and the three entities represented who rely on our work and expect our operations to be efficient, timely, and accurate. MCAD works with the State Comptrollers' Office, Property Tax Assistance Division, to ensure that school districts receive accurate appraisal values for setting the basis for school funding. Our staff strives to provide excellent customer service to our clients and entities in all areas of our operations, whether in the field or in the office setting.

With the continued growth within McMullen County, which is attributed to the Eagle Ford Shale boom, the district continues to seek new technology and resources to handle the fast paced growth and increased workload. Education and training regarding the ever-changing laws that govern the property tax profession continues to be a top priority. All of the staff employed by the McMullen Central Appraisal District are required to attend education classes and pass the examinations for the Introduction to the Property Tax System, Property Tax Law, as well as Customer Service Training.

The District continues to hold informational meetings for both the public and our entities. In addition to the public service meetings that were held, McMullen Central Appraisal District maintains a website. This website is designed to assist the public in obtaining information about the District. Property forms are also available for download as well as a customer service email address is provided for general inquiries. This website has a link to the property search screen and the Texas Comptroller of Public Accounts website. Employment opportunities are posted with a link to our employment application. McMullen Central Appraisal District strives to meet the public's needs with updated technology and tools. Please visit us at www.mcmullencad.org.

I hope that you will find this report to be informative. I look forward to another productive year working with our entities.

Sincerely,

Blaine Patterson, Chief Appraiser
